MYTH BUSTER #2:

Renting Isn't Always CHEAPER than Owning

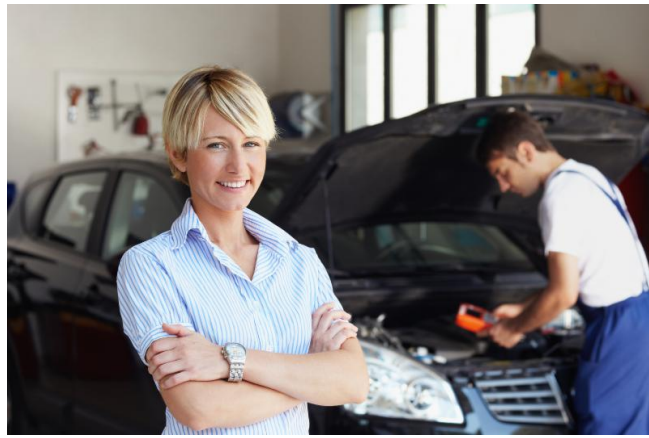

It's true that owning a home comes with a few added expenses, but did you know it can often times be less expensive to buy a home than to rent an apartment, condo or townhome?

How is that possible?
 Because you're already paying those added expenses - they're built-in to your rent payment!

Talk with our Mortgage Originator, [Dawn Saterfield](#), and see if it's time for you to be searching for your new home!
