## GAP

In today's world cars are depreciating faster than people are paying off their vehicle loans. This means that in the event you're in an accident and your vehicle is totaled you may owe more on your vehicle than the insurance is willing to give you to pay off the loan.

GAP (Guaranteed Asset Protection) insurance can help protect you in the event that your vehicle is lost, stolen, or totaled. For a one-time cost of only \$450 you'll be covered for the difference of the market value of your vehicle and what the insurance will give you in the event of a loss.

With the GAP Advantage you automatically get \$1,000 to use on the purchase of your next vehicle as long as you finance with Quaker Oats Credit Union within 90 days.
