October 17th is International Credit Union Day!

**Local Service.
Global Reach.**

International Credit Union Day has been celebrated on the third Thursday of October since 1948. The ultimate goal is to raise awareness about the great work that credit unions are doing around the world and give members the opportunity to get more engaged.

This year's ICU Day theme is Local Service. Global Reach. At its most basic level, a credit union is people pooling their money to provide each other with affordable loans-it is literally people helping people. Credit unions all over the world help members start a small business, own a home or continue their education - people who are often denied access to other financial institutions. In many parts of the world, people's first taste of democracy is through their credit union, where "one member, one vote" is the governing structure.

This is why Quaker Oats Credit Union celebrates ICU Day. Because credit unions empower people, wherever they are in the world or life, to take control of their financial future.
